

POSITIONS AVAILABLE

PROJECT MANAGER/ARCHITECTURAL DESIGNER

Tushie Montgomery Architects is seeking professionals in Architecture with 1-10 years of professional experience for immediate full time employment.

We are a growing 28 person firm with a 40 year history. We have professionals in architecture, landscape architecture, space planning, and interior design working in a collaborative environment from schematic design through construction. Our team members are exposed to a variety of construction types and projects of up to \$100 million. Current projects include commercial, multi-family, senior housing, retail, religious, industrial, hospitality, and space planning.

Candidates should possess the following:

- Masters of Architecture or B. Arch degree
- Registered Architect or on track for registration
- Strong desire for professional growth
- Good Communication skills and work ethic
- Team Contributor
- Proficiency in Revit and Photoshop
- Ability to multi-task in various phases of design and projects
- One to ten years of experience within an architectural office
- Knowledge of codes and building systems
- Construction administration from shop drawing review to site meetings
- “Jump-In” Attitude
